

# ARTIFICIAL INTELLIGENCE FROM SCRATCH

## NAVIGATION GUIDE

1. After you have purchased [Artificial Intelligence from Scratch](#) online course, and you are now logged into our learning platform, you will see the following information related to the online course:
  - a. Description of the online course,
  - b. Learning Objectives,
  - c. Course Modules & Duration
  - d. Certification Details, and
  - e. Navigation Guide.

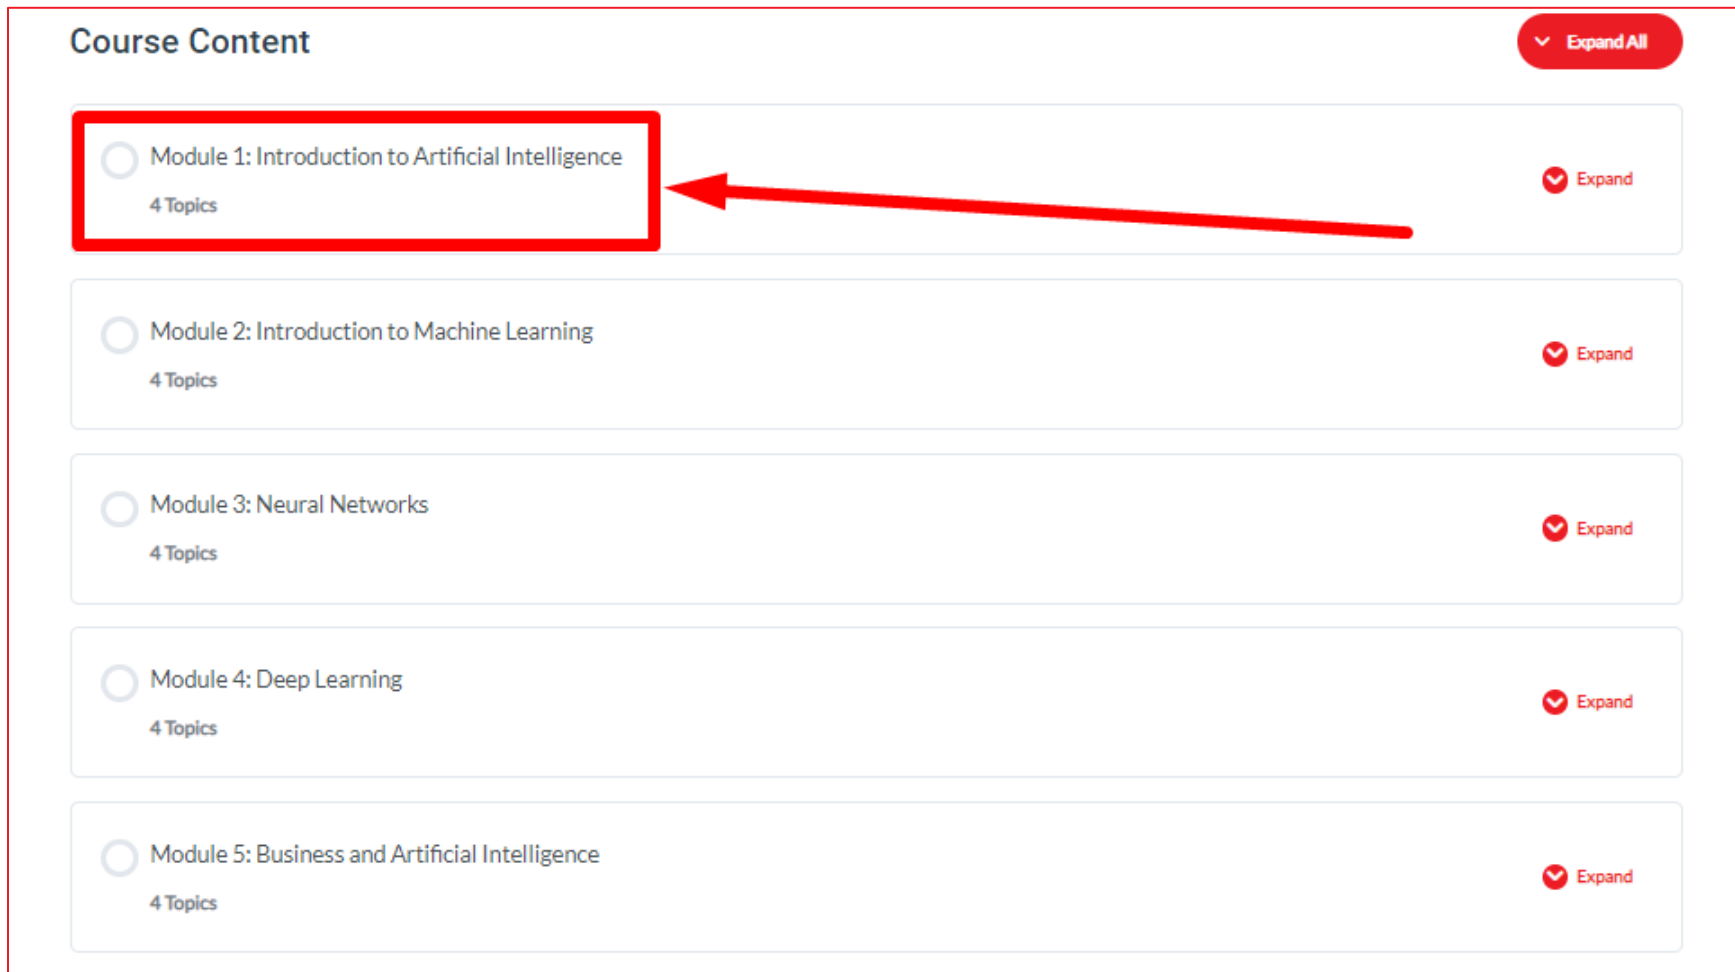

2. In this case, you should scroll down and go to the **Course Content** section. Below is an illustration of how to follow the path to view the modules/topics of this online course.

The screenshot displays the 'Course Content' section of an online course. At the top left, the title 'Course Content' is shown. At the top right, there is a red button labeled 'Expand All' with a downward arrow. Below this, five module cards are listed, each containing a radio button, the module title, the number of topics, and an 'Expand' button with a downward arrow.

Module Title	Number of Topics	Action
Module 1: Introduction to Artificial Intelligence	4 Topics	Expand
Module 2: Introduction to Machine Learning	4 Topics	Expand
Module 3: Neural Networks	4 Topics	Expand
Module 4: Deep Learning	4 Topics	Expand
Module 5: Business and Artificial Intelligence	4 Topics	Expand

3. You should click on **Module 1: Introduction to Artificial Intelligence**. Refer to the image below for more clarification.

The image shows a 'Course Content' section with a red border. At the top right, there is a red button with a downward arrow and the text 'Expand All'. Below this, there are five module entries, each in a white box with a light gray border. Each entry consists of a radio button, the module title, the number of topics, and an 'Expand' button with a downward arrow. The first entry, 'Module 1: Introduction to Artificial Intelligence', is highlighted with a thick red rectangular box. A red arrow points from the right side of this box towards the text of the module title.

**Course Content** Expand All

- Module 1: Introduction to Artificial Intelligence**  
4 Topics Expand
- Module 2: Introduction to Machine Learning**  
4 Topics Expand
- Module 3: Neural Networks**  
4 Topics Expand
- Module 4: Deep Learning**  
4 Topics Expand
- Module 5: Business and Artificial Intelligence**  
4 Topics Expand

4. After you have clicked on [Module 1: Introduction to Artificial Intelligence](#) the page below appears on your screen.

The screenshot displays a course interface for 'Artificial Intelligence from Scratch'. On the left is a navigation sidebar with a red header containing a menu icon and the course title. The sidebar lists five modules, each with a radio button and a '4 Topics' indicator. The first module, 'Module 1: Introduction to Artificial Intelligence', is selected. The main content area features a large title 'Module 1: Introduction to Artificial Intelligence' and a breadcrumb trail 'Artificial Intelligence from Scratch > Module 1: Introduction to Artificial Intelligence' with an 'IN PROGRESS' status. Below this is a 'Lesson Content' section with a red header, showing '0% COMPLETE | 0/4 Steps'. The lesson content lists four topics, each with a radio button: 'Introduction to Artificial Intelligence', 'The History of Artificial Intelligence', 'The Development of Artificial Intelligence', and 'The Modern Utilization of AI'. A 'Back to Course' link is located at the bottom right of the main content area.

5. This is a short description of **Module 1: Introduction to Artificial Intelligence**. In this case, you should read the content (if any), and scroll down and click on **Introduction to Artificial Intelligence** to view the first topic of this module.

The screenshot displays a course interface for 'Artificial Intelligence from Scratch'. On the left, a sidebar lists four modules: 'Module 1: Introduction to Artificial Intelligence' (4 Topics), 'Module 2: Introduction to Machine Learning' (4 Topics), 'Module 3: Neural Networks' (4 Topics), and 'Module 4: Deep Learning' (4 Topics). The main content area is titled 'Artificial Intelligence' and shows the breadcrumb 'Artificial Intelligence from Scratch > Module 1: Introduction to Artificial Intelligence' with an 'IN PROGRESS' status. Below this, a 'Lesson Content' section indicates '0% COMPLETE | 0/4 Steps'. A list of topics is shown, with 'Introduction to Artificial Intelligence' highlighted by a red box and a red arrow pointing to it. Other topics include 'The History of Artificial Intelligence', 'The Development of Artificial Intelligence', and 'The Modern Utilization of AI'. A 'Back to Course' link is visible at the bottom.

6. If you have clicked on [Introduction to Artificial Intelligence](#) as instructed, the content below appears. You need to go through the content by reading, memorizing, and scrolling down.

The screenshot shows a course interface with a red header 'Artificial Intelligence from Scratch' and a left sidebar menu. The main content area features the title 'Introduction to Artificial Intelligence' and a paragraph of text. Below the text is a diagram with three overlapping circles labeled 'Philosophy', 'Control theory', and 'Mathematics'. The 'Introduction to Artificial Intelligence' module in the sidebar is marked as 'IN PROGRESS'.

**Artificial Intelligence from Scratch**

- **Module 1: Introduction to Artificial Intelligence**  
4 Topics
- Introduction to Artificial Intelligence
- The History of Artificial Intelligence
- The Development of Artificial Intelligence
- The Modern Utilization of AI
- **Module 2: Introduction to Machine Learning**  
4 Topics
- **Module 3: Neural Networks**  
4 Topics
- **Module 4: Deep Learning**  
4 Topics
- **Module 5: Business and Artificial Intelligence**

# Introduction to Artificial Intelligence

Artificial Intelligence from Scratch > Module 1: Introduction to Artificial Intelligence > I... **IN PROGRESS**

The scientific and technological advancements of the recent decades have revolutionized the manner in which daily life is conducted. Along with the ubiquitous presence of the internet, the level of connectivity between users on a global scale has driven the demand for further developments considering the high-level capabilities that technologies present today. The idea of Artificial Intelligence came to light during the 1950s from the paper of the famous mathematician and computer scientist Alan Turing which elaborated on the possibility of intelligent behavior from programming computer devices.

Philosophy  
Control theory  
Mathematics

7. When you have completed reading and memorizing the topic, you should click on the **Mark Complete** button to complete this particular topic.

The screenshot shows a learning management system interface. On the left is a sidebar with a red header 'Artificial Intelligence from Scratch' and a list of modules: 'Module 1: Introduction to Artificial Intelligence' (4 Topics), 'Module 2: Introduction to Machine Learning' (4 Topics), 'Module 3: Neural Networks' (4 Topics), and 'Module 4: Deep Learning' (4 Topics). The main content area features a video player with a play button icon and a title 'THE ROYAL Watch on YouTube'. Below the video is a graphic showing two dogs (one blue, one pink) plus an equals sign and a combined blue-pink dog. The video title is 'The Royal Society: What is artificial intelligence? | The Royal Society'. Below the video is a paragraph of text: 'In the current era, Artificial Intelligence has become an integral part of the daily operations that both individuals and organizations conduct, with the objective of enhancing decision-making standards and reducing the necessity for human effort. The modern utilization of Artificial Intelligence is conducted by organizations for enhancing their efficiency and effectiveness, for automation purposes, and for deriving business predictions based on massive volumes of data and information.' At the bottom right, there is a 'Back to Lesson' link and a red 'Mark Complete' button with a checkmark icon. A red arrow points from the 'Back to Lesson' link to the 'Mark Complete' button.

8. To complete the first module that you are already learning, you should click on the **Mark Complete** button – this means that you have completed the first module. You should do this for all the **Modules & Topics** of **Artificial Intelligence from Scratch** until the last part, which is the **Final Quiz**.

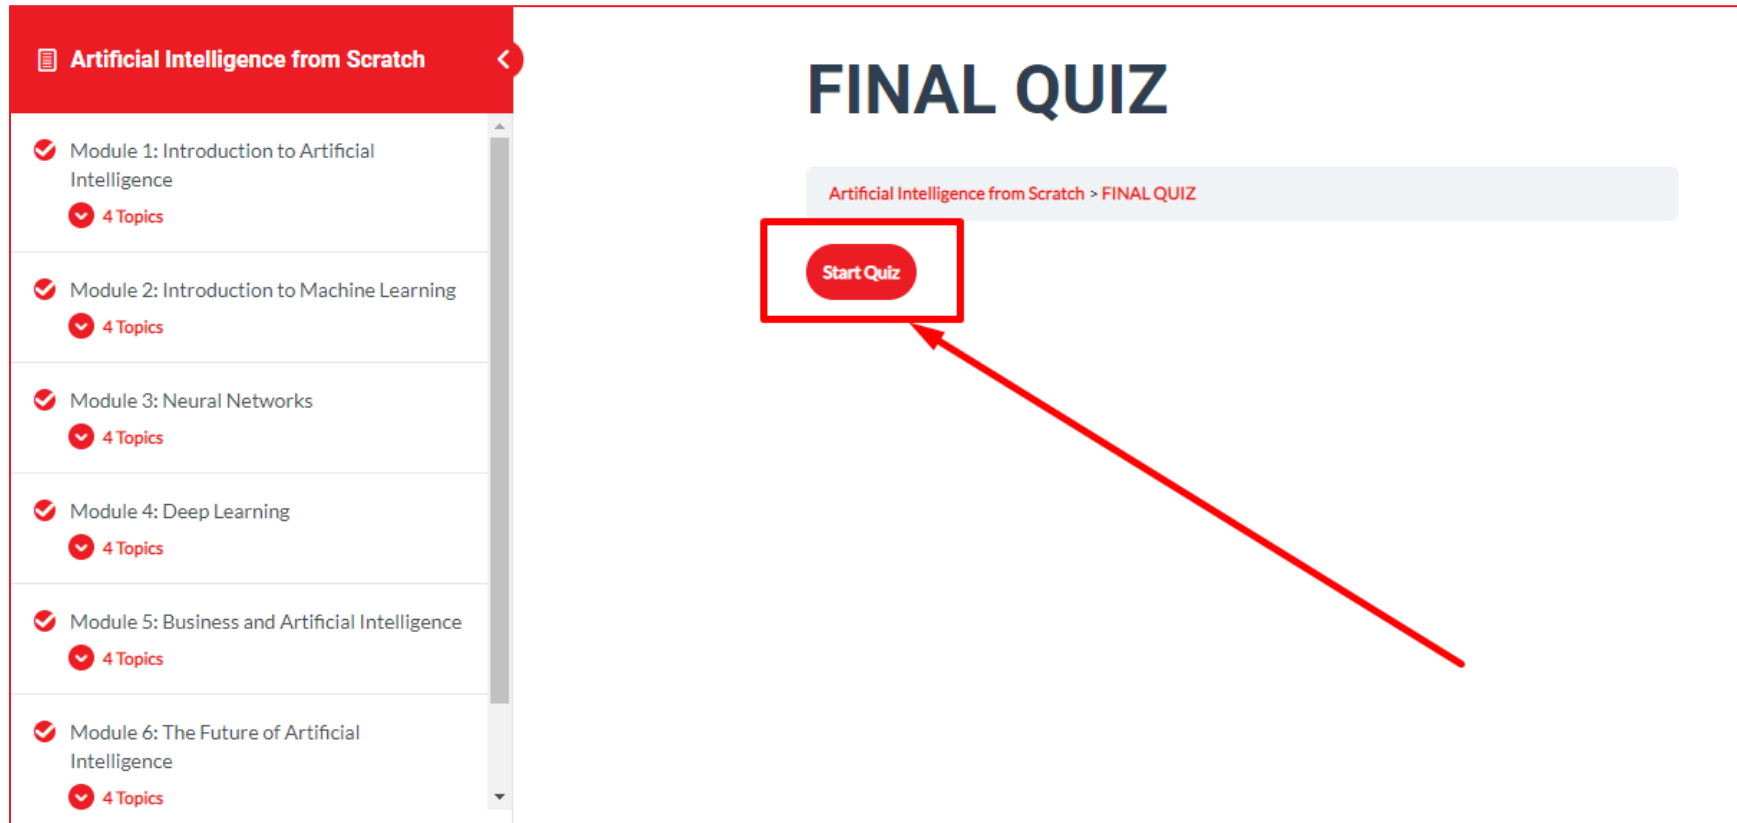

The screenshot displays the course interface for 'Artificial Intelligence from Scratch'. On the left, a sidebar lists five modules, with 'Module 1: Introduction to Artificial Intelligence' selected and expanded to show four topics: 'Introduction to Artificial Intelligence', 'The History of Artificial Intelligence', 'The Development of Artificial Intelligence', and 'The Modern Utilization of AI'. The main content area shows the 'Lesson Content' for Module 1, which is 100% complete (4/4 steps). A red box highlights the 'Mark Complete' button at the bottom right, with a red arrow pointing to it from the text 'Back to Course'.

9. The image below shows how you have completed the first module in this case, **Module 1: Introduction to Artificial Intelligence**. As stated above, you should do this process for every **Module & Topic**.

The screenshot displays a course interface for "Artificial Intelligence from Scratch". On the left, a sidebar lists modules. "Module 1: Introduction to Artificial Intelligence" is marked as completed with a checkmark and contains four topics, all of which are also checked. "Module 2: Introduction to Machine Learning" is currently selected and marked as "IN PROGRESS" with a red arrow pointing to its four topics. "Module 3: Neural Networks" is listed below. The main content area shows the title "Module 2: Introduction to Machine Learning" and a breadcrumb trail "Artificial Intelligence from Scratch > Module 2: Introduction to Machine Learning" with an "IN PROGRESS" status. Below this, a "Lesson Content" section shows a progress indicator of "0% COMPLETE | 0/4 Steps" and a list of four topics, each with an unchecked radio button: "Machine Learning Fundamentals", "The Evolution of Machine Learning", "Machine Learning Algorithms", and "The Importance of Machine Learning".

10. When you have completed all the Modules & Topics of Artificial Intelligence from Scratch online course, the Final Quiz appears immediately on your screen. In order to answer the questions of this online course, you should click the Start Quiz.

11. After you have clicked on the **Start Quiz**, you will see the below-presented page and all the questions prepared for this online course. You should click **Next** when you answer a question.

The screenshot shows a web interface for a final quiz. On the left is a sidebar with a red header 'Artificial Intelligence from Scratch' and a list of six modules, each with a checkmark and '4 Topics'. The 'FINAL QUIZ' item is highlighted at the bottom. The main content area is titled 'FINAL QUIZ' and contains a breadcrumb 'Artificial Intelligence from Scratch > FINAL QUIZ'. Below this is a question: '1. Which of the following refers to a test for determining whether a computer is capable of thinking like a human?'. There are four radio button options: 'The Johnson Method', 'The Turing Test', 'The Kernel Approach', and 'CAPTCHA'. A red arrow points to a red 'Next' button in the bottom right corner, which is also enclosed in a red box.

12. After you have answered all the questions presented to you, the button [Click Here to Continue](#) appears. Also, on this page, you can see the percentage of your answers. As we have stated in our description the passing score is **60%**. In addition, click on the [Click Here to Continue](#) button.

The screenshot shows a course interface for 'Artificial Intelligence from Scratch'. On the left is a navigation menu with six modules, each marked as completed with a checkmark and containing 4 topics. The 'FINAL QUIZ' is highlighted at the bottom of the menu. The main content area is titled 'FINAL QUIZ' and shows a breadcrumb trail 'Artificial Intelligence from Scratch > FINAL QUIZ'. Below this, the 'Results' section states '20 of 20 Questions answered correctly' and 'Your time: 00:02:28'. A large grey box displays 'You have reached 20 of 20 point(s), (100%)'. At the bottom, three buttons are visible: 'View Questions', 'Restart Quiz', and 'Click Here to Continue'. The 'Click Here to Continue' button is highlighted with a red box, and a red arrow points to it from the bottom left.

13. In order for CUNITECH Institute to improve this online course, we kindly ask you to complete the [Course Evaluation Survey](#). Please let us know what do you think about this online course. When you finish answering your questions regarding the online course, please [Click Here to Continue](#) button.

The screenshot shows a course navigation menu on the left and a main content area on the right. The menu lists six modules, each with a checkmark and '4 Topics', followed by 'FINAL QUIZ' and 'COURSE EVALUATION SURVEY'. The main content area features the title 'COURSE EVALUATION SURVEY' and a breadcrumb trail 'Artificial Intelligence from Scratch > COURSE EVALUATION SURVEY'. A red box highlights a 'Start Quiz' button, with a red arrow pointing to it from the bottom right.

14. After clicking the button [Click Here to Continue](#), you will be re-directed to the page where you can download your [Certificate of Achievement](#). As we have stated before, you should pass [60%](#) of the questions in order to be able to get your [Certificate of Achievement](#). The certificate can be downloaded by clicking on the [Download Certificate](#) button.
